Attendance increased by 78% and tithes increased 60%!

In the last year, attendance at Unity Church of Central Brevard has increased by 78%, and our tithes have increased 60%. Although these numbers are impressive, they only reflect a small piece of the picture. What changed? We did. Our thinking changed. We put in place new leadership and prosperity principles and have continued to operate using what we learned.

Last year our board of directors and I had the opportunity to work with prosperity coach, *Paula Langguth Ryan*. Our intention was to learn how to clearly be the example of God's unlimited abundance in our church and in our own lives. Paula conducted individual interviews with staff, our board members and me so she might have a better idea of how our thinking and beliefs were impacting our prosperity. We then spent a day together with Paula working on our collective behaviors and how we might be more effective leaders and examples.

As spiritual leaders in our churches and our community, our thinking and our actions have a powerful impact. Not only do we have the unique job of teaching people spiritual principles we also are examples of those principles at work. What we do and how we do it becomes our primary avenue for touching others. I extend an invitation to you and your board members to share in Paula Langguth Ryan's wisdom

Results come mere hours after March 3 workshop ends!

"I just received a phone call from a franchisee who has previously said he could not buy my franchise. He had been thinking about it during this weekend and decided it was too good a deal to pass up. We are to close on 3/12. The balance to me will pay off \$14,000 of debt from the business. I feel so free."

- Gloria H., Tennessee

Requests granted in 30 days!

"On March 5 we made an offer and on March 6 we signed the contract on our new home! And we have begun packing and preparing our current home for renting, both of which were my "requests" at the seminar we attended on Friday, February 9 at Unity of Charlotte! Thank you! Loved your seminar!"

Made a definite difference in the energy and level of enthusiasm of our church!

I highly recommend Paula Ryan to you! She presented her program to our church leaders and congregation over a 2-day period and it has made a definite difference in the energy and level of enthusiasm of our church. She has a knack of getting people to look at their "stuff" in a way that is loving, supportive and fun but extremely effective. Paula is a very polished communicator and excellent at what she does.

Her process is effective on both an individual basis and for groups. Our Board has adopted "Ryan's Rules of Order" for our board meetings – what a wonderful environment to work in!

We will be encouraging the Canadian Association to have Paula do a 2-day workshop at our annual conference next year. I know that it would make a difference in the consciousness of the entire Unity movement.

If you have any questions, please feel free to call me. It's a good thing we in Unity know that "all is in Divine Order" or you would be wondering "Why have we not done this before?"!

-- Rev. Patricia Ball, Unity Church of Mississauga

Put an end to needless suffering at spiritual organizations!

Most of us learned different scarcity models about money while growing up. As a result, we – and our spiritual organizations – suffer needlessly. The message Paula shares helps overcome fears about giving and fears about receiving. Paula helps people see the benefits of putting God first in all things, including their finances. As a result, they begin tithing regularly to where they are spiritually fed: your ministry. This in turn increases your ministry's ability to grow and serve others.

The message Paula shares gives people the tools they need to take control of their debts, incorporate prosperity principles into their everyday activities and embrace abundance in all areas of their lives. God has given her a unique gift and mission: to help people change the way they think and feel about money so they can create lasting abundance in their lives. **I'm hoping you will spread the word about this work, because I think doing so will have tremendous benefits for your organization.**

— Rev. Melanie Morel-Ensminger, Unitarian-Universalist Church in Cherry Hill, NJ

[Her] quality and content rival those of renowned experts on PBS and Oprah!

"True professional with extensive experience, impressive credentials, and obvious expertise. The quality and content rival those of nationally renowned experts seen on PBS and Oprah. I wholeheartedly encourage others to take advantage of any opportunity to attend seminars by Paula. You have nothing to lose except bad habits and unfulfilled goals."
